

Solid Modeling Pioneer of the SMA 2017

Nomination form

Nominee

First name:

Last name:

Email (if available):

Homepage URL (if available):

Please list current positions and organizations (if appropriate):

Suggested announcement

Suggested the precise text for the announcement (up to 250 words) that outlines the main contributions and their impact.

Bio of the nominee

A brief bio (up to 250 words) of the nominee.

Reference to a 25-year old publication or contribution

A reference (preferably publically available) to a contribution (publication, product announcement, software release, keynote lecture, report, thesis...) related to Solid Modeling that was produced at least 25 years before the nomination date.

Year disseminated/produced:

Title:

Venue:

Organization where the nominee was working at that time:

List all authors/contributors shown on the referenced material:

URL (if available) where the referenced material can be accessed:

Justification of impact

*An explanation (up to 700 words) of the **significance of the impact** that the nominee had on the field. Note that the impact needs not be related to the 25-year old publication and may result from subsequent contributions. Please provide both the opinions of the nominators/endorsers on the significance and verifiable facts, if available.*

Identification of 4 endorsers

*The names of **four** internationally recognized “leaders” of the Solid Modeling field (other than the nominee), who have agreed to endorse this nomination and co-authored the text above, and who are cc’ed on the email submission of this nomination.*
